*Founding Auxiliary Board Member

To Whom It May Concern,

Bobbi Allison was part of the original class of mediums who became certified through the Forever Family Foundation science based evaluation of evidential mediumship back in 2005.

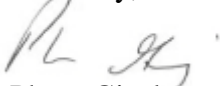

Since then she has donated her time and played an active role in the work of the foundation.

Unlike many mediums who have been “setting up shop” since the TV craze over pop mediums began about 10 years ago, Bobbi is an extremely compassionate and loving communicator when working with spirit. Her goal is to allow spirit to bring the information needed to assist in the transformation of her client’s grief, and to provide support and explanations to those seeking answers. It is our observation that her style of mediumship offers comfort and healing as she gently provides that special glimpse into the other world for those who come to her seeking the proof that their loved ones are still around.

Flexible in her job as a spiritual medium, Bobbi has been assisting the foundation with several types of events over the years. She has worked long hours in small groups of bereaved people in our *Visitation Rites* and *How To Listen When Your Children Speak* events. She has displayed her talent to connect to twelve people in a short evening fundraiser, *A Night of Mediums*, while other mediums in the room are also making connections at nearby tables following dinner. Most recently, she assisted in a “Medium Marathon” event, bringing through spirit to an audience of over 200 attendees.

It is clear that Bobbi is a well seasoned evidential medium with a strong connection to spirit, and a commitment to work for the greater good.

Sincerely,

Phran Ginsberg,
Director
